Luiz Lima
Full Stack Developer

As a full-stack web developer, I bring a dynamic skill set and a wealth of experience to the table. My journey began with a rigorous 9-week web development bootcamp, providing me with hands-on mastery of both front-end and back-end development. I'm proficient in an array of technologies, including JavaScript (ES6), React.js, Node.js, MongoDB, Express.js, Axios, CSS, Tailwind, HTML, and WordPress. Plus, my strong Git and GitHub version control skills ensure seamless collaboration.
